

## **THE UNIVERSITIES FUND QUALITY POLICY STATEMENT**

The Universities Fund commits to achieving its mandate of providing funds for the financing of universities in Kenya. In fulfillment of this mandate, the UF shall implement the following strategies: develop incentives for private sector participation in university education, develop public private partnership frameworks for university education, and negotiate tax waivers to foster individual and corporate/institutional support to university education.

The UF shall develop quality objectives guided by the strategic plan whose pillars are: Sustainable financing and stewardship, Customer focus, Institution building and innovation, and developing and growing our people.

The UF further commits to fulfill all applicable statutory, regulatory, contractual, and any other requirements which conform to ISO 9001:2015 and to continually improve the quality management system.

This policy shall be reviewed as the need arises for continued suitability and relevance.
